

Just Keeping You in the Loop...

∞ Those who were at the last SPDG Goal 1 meeting will have an opportunity to create and design a Special Education competition for the Future Educators of Arizona Spring Conference. I will be sending you details.

∞ It is necessary that we keep reporting qualitative and quantitative information throughout the year. The next quarterly report is due July 15, 2009.

∞ I am working with Dale and Kimmo on revamping and redesigning the AEEB and Teach-In AZ websites. We are also recreating Goal 1 on the SPDG website.

∞ I will be coming out to your schools August – September to create a video feature of you and your program. I will be setting up exact dates and times soon.

∞ I am working with CTE and SPED Directors to market recruitment efforts throughout the FEA district programs.
