*Schools*

We're not sure what it stands for  
We're learning what it means  
We've come to be together  
We're here to work in teams

Lisa, Carol, Terry, Amy  
and of course there's Joe  
With their support thru ADE  
SPDG is the way to grow

Our goals are clear and simple  
A lighthouse is our aim  
To improve our schools' improvement  
SPDGers we became

Judy has taught us coaching  
Plan, paraphrase, reflect  
We now know what we're doing  
When teachers are verklempt

Interventions, CBMs  
We're using RTI  
Putting these together  
Will help our children fly

We have our fearless leaders  
They visit and we meet  
It's Debbie and it's Charles  
That make SPDG complete

Response to intervention  
Tier 1, Tier 2, Tier 3  
SPDG is the way for us to be  
The best that we can be

Arizona is moving forward  
We're getting so big  
Let us celebrate each other  
Let's hear it for SPDG.

We're grown to know each other  
We learn, we laugh, we eat  
We represent the best there is  
Our programs can't be beat
